DISCOVERY

CAMP

Discovery Camp started the summer out with a blast from the past last week. We went back in time to learn about some of the biggest creatures to ever walk the earth while still managing to have a whole lot of FUN!

## Discovery 2019 Staff

Site Supervisor: Lindsey

5-7 yr olds Activity Leader: Jadaya

8-10 yr olds Activity Leader: Kayma

Discovery campers studied the Jurassic period this week and different types of dinosaurs and cool facts about them including what they ate. We also be focused on archaeological dinosaur excavations and which museums some dinosaurs are in now. The campers also took a field trip this week to the Science Mill in Johnson City and got to do some hands on learning at this interactive children's museum.
